BALTIMORE'S RACING FEVER

PIMLICO TO THE FORE IN ALL MINDS AND EVERYBODY PREPARING TO ATTEND.

Trains from New York Crowded to Their Limit Beau Chilton Considered a Crack Two-Year-Old-Turney in Bad Luck.

Baltimore, Md., April 23.—The eastern racing season of 1909 opens tomorrow with the inauguration of the spring meeting of the Maryland Jockey Club, Baltimore is crowded with race-goers from all sections of the country and every indication points to the most successful meeting held at the famous old Pimlico track in years. Both the eastern and western delegations are largely represented and everyone appears eager for the sport to begin. The trains from New York that reached Baltimore this afternoon brought on hundreds of New Yorkers and the Congressional Limited, due here tonight, is reported to be crowded with turf enthusiasts. So heavy was the demand for seats on this train that the railroad people were forced to run it in two sections. The adverse conditions about New York undoubtedly helped Plunlico, and there are people here this spring that are making their first visit to Baltimore in

years.
Stable room at the track was at a premium weeks accommodations in the surrounding country. Among those to reach here this afternoon was W. E. Walsh, who came on from Latonia with the good sprinter.

who came on from Latona with the good sprinter. Coon.

The management of the betting enclosure this year is in charge of Mortimer Mahoney, and the list of amplications to do business is unprecedented. There is a lack of room at Plmito and it has been found necessary to limit the number of layers to thirty five. A card of seven good races has been arranged for the opening, with the Inaugural Steeplechuse, the Baltimore Chub Cup, gentlemen riders, and the Country Club purse as features. The track is sure to be heavy and holding and this will be against any fast running.

A feature of the meeting will be the cross-country races, which are always popular here and that there will be large fields in all of these contests is probable from the number of besses quartered at the track, there being close to one hundred timber-topers here.

track, there being close to one hundred timber-toppers here.

It is expected that the attendance tomorrow will
be the largest that ever witnessed a race here,
providing, of course, that the weather is clear and
pleasant and many predictions are made that it
will exceed the attendance of 1877, when that
memorable race in which Parole beat the famous
Ten Broeck, drew folks from different parts of the
country. This is the first time in many years that
Baltimore has had the honor of opening up the season of racing in the east and from present indications it seems that everyone is going to celebrate,
as the racing is the main talk of the town.

Of the two-year-olds here, the Walden youngster,
Beau Chilton, by Chilton—Beile Acton, is talked
of as the best at the track and he is not only a good
looker, but its said to be very fast. He is entered
in some of the English leading fixtures. The Walden

which are in the Walden lot, is expected to be here tomorrow.

Amos Turney has had some hard luck since he has been here, as a few days ago he was unfortunate enough to have one of his promising two-year-olds die, while Theo Cook and Sig, his three-year-olds, are now on the shelf and may not be seen at their best during the meeting.

Jockeys Deverich and Scoville have arrived here from California. Deverich, who is under contract to George Neil, will do the riding for N. K. Beal at this meeting. W. T. Mediviney, who had lockey Crowley at Savannah and Tanpa, got in from New York this morning. Crowley has been here for several days.

STILL AFTER HOT SPRINGS RACING.

Little Rock, Ark. April 23.—The conference in cogress here the past three days between the Hot prings delegates and business men over the question Springs delegates and business men over the question of legalizing horse racing in Hot Springs, came to an end with the agreement that the Wadley bill should be amended by restricting racing to 100 days. The bill introduced by Senator Wadley proposed to repeal the Amis law of 1907, but Senator Hamp Williams, who recently succeeded Mr. Wadley, refused to support the bill and the conference and compromise followed. The amended bill will have a strong following in both houses.

Slow Tracks Restrict Training Work but Useful Gallops Are Given Backward Racers.

New York, April 23.—With so many horses away to Pimilico and the going heavy, not much calloning was done at eiter avasses of the Section of the Pimilico strings have seen or Sheepshead Bay. The Pimilico strings have seen the seed during the training hours, and does not been rushed in any manner.

Thomas Welsh, though he shipped a lot away in the afternoon, had a string out. The Squire, Wise Mason, Royal Captive, Preceptor and Glucose were logged and wound up with a smart six furlongs in 1:25. Lord Baltimore, Proposing, Films, Meddlesome and Deputy, the two-year-old string, after a canter turned a half in 57.

John Hynes permitted Imitator to work along for six furlongs in 1:224, a very good move, considering the condition of the irack. Columbia Lad went the same distance in 1:23. Rostrum worked in behind initator and his time was 1:223. Plmares, the brother to Voorhees, went his six furlongs in 1:24. Con Leighton sent Don Creole along for a mile in 1:36. Langenbeck and Cutibbert together worked a last of 34. Aston Key and Huda's Sister followed over the stance distance in 544.

Muck Rake was sent six furlongs in 1:24.

Julius Bauer had Marie Rue and Florimel work a half in 554, and Mon Reve followed over the same distance in 544.

The Warner two-year-olds, Young Belle and Violet Scent, were galloped briskly and finished up with a Falf in 534.

Tully Coulter, who recently decided that he would not race his string at Pimilico, should surely have a very fit lot for the opening of the season at Belmont Park. He was on hand at Sheepshead Bay with Brother Jonathan and Hofman, and they went along for six furlongs in 1:25 and were eager at all times to run much faster. Cliff Edge had seven furlongs in 1:36 as his portion. AMERICAN IMPRESSIONS OF EPSOM.

An American who knows, cables of English racing at Epsom April 21 in true American style in the New York Herald:
"Down at Epsom I had my first impression of an English race meeting, and it seems to me to be composed mainly of a nice lot of inoffensive scenery and the inability of a majority of the spectators to tell whether a race was beginning or ending. "There was also a big crowd of people, estimated all the way from twenty to fifty thousand. Most of them seemed to be bookmakers. Those who were not bookmakers dressed as though they thought they were.

"There was also a big crowd of people, estimated all the way from twenty to fifty thousand. Most of them seemed to be bookmakers. Those who were not bookmakers dressed as though they thought they were.

"There was quite a sprinkling of Americans in the throngs on the lawn in front of the grandstand and in the paddock. Americans' horses, however, were scarce articles in the races and did not do anything to atrous enthusiasm. So the eagle did not scream a life of the second o

Americans to England that has now begun, the coming races will undoubtedly be well flavored with Yankeeism.

"The railroad that takes you to Epsom (I refer to the race track and not to salts) adopted a novel system of uncertainty in running trains back to the race track and not to salts) adopted a novel system of uncertainty in running trains back to "When the consent the Downs, spotted with gorse just bursting into yellow bloom, and reached the railway station. I asked when the next train, left for the city. 'One leaving right now, sir,' replied the policeman at the gate. I asked again, it goes directly, sir,' 'Yes, but when?' 'Oh, quite immediately, sir,' Nobody knew. It was held until there were passengers enough to satisfy the train dispatcher, and it started half an hour later. Meantime, ladies and gentlemen had run themselves out of breath and into perspiration and then waited.

"Recollect, Epsom' is only eighteen miles from London, and extra fares are charged on these trains. "Such is the impression of an Epsom race meeting gained by an American onlooker."

DUGAN WILL RIDE FOR BELMONT.

Dugan was under contract to ride for H. P. Whitney in England and joined the stable some time ago, but the English Jockey Club refused him a license and he returned to this country. His contract with Mr. Whitney will have the Pintro meeting where Mr. Whitney will have the Pintro meeting where signed any contract beyond his present one with Mr. Belmont, though it is known that he has received several offers.

Though he has been out of the saddle ever since he left San Francisco for England. Dugan is able to ride at 102 pounds and before the season at Belmont Park opens he will be able to ride a few pounds lighter. He has gone to Pimlico to report to John Whalen, who is training the Pimlico string for Mr. Belmont.

JENNINGS MOVES TO BELMONT PARK.

New York, April 2;—Walter Jennings, who has for years been a regular at the Gravesend course of the Brooklyn Jockey Club, will stable his string at Belmont Park this season. Stabling has been reserved at the big course and the horses, ten number, are on the way from California. In the same shipment with him will come John Miller with Far West and A. J. Goldsborough with the Bennet string. Far West and the Bennet horses will, as usual, return to Gravesend.

Toronto, Ont., April 23.—The condition of the track at Woodbine Park is steadily improving. Wednesday morning it had dried out, except in one or two spots. The cold wind was rather disagreeable and few horses were exercised on the track. The rain of the afternoon is not expected to seriously interfere with later work.

SARATOGA STAKES THIS YEAR.

The Saratoga meeting of the present year will not suffer in comparison with its predecessors. Of the long-established features, the Hopeful, Spinaway, Tavers and Arbaman Stakes, closed last year and the subvention of \$2,000 km lists of eligibles and the subvention of \$2,000 km lists of eligibles and the subvention of \$2,000 km lists of eligibles and the subvention of \$2,000 km lists of eligibles and the subvention of \$2,000 km lists of eligibles and the subvention of \$2,000 km lists of eligibles and the subvention of \$2,000 km lists of eligible and Breeders' Association is sufficient to enders about the usual number of additional closed events characteristic of the average Saratoga stake list. It is said that it is quite probable that these stakes will not be offered for entries prior to June. The meeting runs from August 2 to August 2, and a closing in June is early enough for all practical purposes. By that time horses will be so well-advanced that the entries will be nearly altogether of those fit to race and much of 'the deadwood listed in early closing stakes will be absent.

Of the stakes already closed, the Hopeful has \$5,000 added, the Spinaway is \$10,000 guaranteed. The traces are sufficiently suffered to the Alabama \$5,000 At present the Hopeful has eighty-three eligibles, the Alabama twenty-three, but declarations due May 1 will probably cut the first two down materially.

LEXINGTON RACING TODAY

MAY PROVE THE BEST MEETING EVER HELD AT THE OLDEST AMERICAN TRACK.

Return to the Old Fashion of Volunteer Judges-Horsemen and Turf Followers Flocking in from All Quarters.

Lexington, Ky., April 23.—The meeting here beginning tomorrow, which inaugurates the racing season, bids fair to meet with the management's highest expectations. From various sections of the country horsemen are gathered to lend their aid and local sentiment is of the sort that will do much to insure the success of the racing. The majority opinion is that, had bookmaking of the old style been permitted, the seven-day meeting about to begin would have proved the most profitable in the history of the Lexington track, but as the Racing Commission still remains steadfast in its opinion that the mutuels are the best speculative mediums to curb the abuses of the turf, the local association will have to chance a deficit in the event that the patronage does not meet with the financial requirements. Those who are in favor of the mechanical style of betting insist that last year was a bad season to judge the availability of the mutuels on account of the drought prevalent in this section and the general money stringency throughout the land. With improved conditions they feel certain that the mutuel betting will return a fair profit.

In a racing way there can be no doubt of the success of the meeting. There are more good horses quartered at the course than ever before, and their owners have given assurance that they will be among the frequent starters. There is also an abundance of two-vear-olds that will make their debut with racing colors. There will be keen in treest disalgred and probable the orsennen, however, predict brilliant futures for many of the two-year-olds.

A departure from former seasons will be the absence of professional judges from the stand. The management will revert to the old system of inviting daily some of the most prominent men in the blue grass region to serve as the presiding officials and william Shelley have accepted to serve for the old different sections of the country. DISTINGUISHED PIMLICO ARRIVALS.

Baltimore, Md., April 23.—A notable arrival at Phillico was the stable of F. E. Gardner of New York, with Statesman, Queen of the Hills. Racine II. and four two-year-olds. Statesman was the best-two-year-old that raced here last season. He is the holder of a track record, having raced six furlongs in 1:124, beating George Odom's Trance.

Odom also got in today with a lot of good ones, among them Trance and Nimbus. These have been working very fast at Sheenshead Bay and are ready for the races. The horsemen say that, Trance was to the netered in the Preakness, and if they both start it will be a battle royal.

New York, April 23.—W. C. Daly had his training operations interrupted recently by having to answer a summons sworn out by jockey Yorke. Yorke has been galloping the horses of the Hartford owner and he and the boy came together on some proposition. Yorke naturally finished second and he promptly swore out a warrant for his employer. Daly had Grace Cameron and some others ready for Pimilico and this upset his plans for shipping a bit.

F. M. B., Chicago. There is no way of forcing the payment of a bet, but the embarrassing circumstance mentioned affords no good reason why the bookmaker should not pay a bet that he had accepted.

J. B. R., Chicago, Rose Noble, which won for H. B. Duryea in France last Wednesday, is not an American-bred animal, but a three-year-old chestnut filly by William the Third—Rose Bend, bred in England.

J. R. Hamilton, Ont. Daily Racing Form has always held that in handbook betting a backer of

a single horse of a coupled entry has his bet decided by the running of that horse and that if it should be scratched he has a draw no matter where the other horse or horses of the entry finish.

HANDICAP OF JOCKEYS.

From time to time Dally Racing Form will publish a table of the comparative rating of those jockeys whose skill in the saddle has already been well demonstrated, and of those who have not arrived but give promise of coming excellence. The handlean will divide these riders into four classifications, of which those admittedly in the front rank of their calling will be indicated by 100, thence downward through 95 and 90 to 80, the lowest classification, from which advancement upward will come when justified by good riding. The table will also show the number of mounts, wins, seconds, thirds and unplaced from January 1, 1908, will be corrected from week to week, and is as follows:
